All papers must be prepared in accordance with the *Journal of Quality Technology* standards and guidelines and will be reviewed following the regular review process of the journal. Submission of a manuscript implies that the work has not been published before and is not currently under consideration for publication elsewhere.

Authors are required to prepare a cover letter indicating the submission is for the special issue and to submit the paper in PDF or MS Word via email to: Valerie Funk, Manuscript Coordinator, ASQ (email: manuscripts@asq.org).

**Please note the extended deadline for paper submission.**
