Our comprehensive product and service directory puts answers at your fingertips

The world we live in is changing ultra-fast, and it’s more essential than ever that you are up to date with the products, technologies and tools that will make you and your organization succeed. That’s where this guide comes in. Use it year-round to research all the offerings available to you, including:

- Six Sigma
- Software
- Certification
- Education
- And much more!

Take the Next Step in Automotive Warranty Management

Guideline & Training Now Available!

The Automotive Warranty Assessment (CQI-14) Training: provides a best-practice approach for managing warranty processes with the consumer in mind.

This one day workshop will train you to use the assessment tool; provide a warranty process that delivers best practices; provide suggestions for optional reporting; and prepare you to be a valuable aid for implementation.

For more information on the Automotive Warranty Management guideline or training, visit www.aiag.org or call us at (248)358-3003.
