# ON-SITE TRAINING FOR YOUR ENTERPRISE

## CUSTOMIZED TRAINING PROGRAMS

### Brought to Your Facility

ASQ's on-site training programs are the cost-effective way for you to train employees on your schedule. On-site training minimizes the cost-per-student, reduces travel expenses, and ensures that the content is specific to your exact needs. ASQ will customize your organization's curriculum to solve your specific problems and answer your questions.

### We provide:

- Needs assessment
- Tailored courses
- Vetted professional instructors with specialized experience
- Instructor travel arrangements
- Course materials

### Learn, Retain, Apply

ASQ takes a personalized approach to training—tailoring courses to fit your company's needs. ASQ Corporate Account Managers help assess and identify your employees' knowledge requirements and skill gaps. Our passionate instructors guide your organization through the issues it is facing through activity-based and hands-on training. Employees will leave the training with an understanding of how to apply the lessons they have learned.

### You provide:

- The training facility
- Audio/visual technology (as needed)
- Enthusiastic learners!

**Bring one of our expert trainers to your organization.**

## Benefits of On-Site Training

### Immediate results:

Employees complete courses ready to apply what they've learned

### Customizable courses:

Training tailored to your group's needs

### Value-add support:

Instructors available to answer questions after session

### Convenient scheduling:

Train groups of five or more

### Expertise to your location:

Saves time and travel expenses

### Cost:

Pricing for on-site training is based on the number of learners participating in a class. Training as few as five learners on-site can demonstrate cost savings over public training. Discounts are available to ASQ Organizational members.

## Here's what employees like yours have to say about ASQ training:

*"It takes the 'fear factor' out of complex concepts."*

*"I am prepped and equipped for the challenges I face on a day-to-day basis."*

*"Now I have useful tools that can be applied to almost anything."*

*"Allowed me to become a more significant contributor at my company."*
