COACHING FOR YOUR ENTERPRISE

COACHING

Brought to Your Facility

Coaching is a powerful addition to your classroom or virtual corporate training programs. ASQ coaching sessions are tailored to fit the needs of your organization, whether you focus on project guidance, content reviews, or simply extend the amount of time for questions with your team members.

Learn, Retain, Apply

Your coach will guide the team through the process of asking high-quality questions and how to answer those questions in a way that builds strong individual contributors and promotes a high-functioning team.

Coaching Will:

- Reinforce skills presented during the associated class
- Enable participants to ask and answer the right questions at the right time
- Guide participants to appropriate next steps
- Support follow-through on application of concepts to realize benefits from the training
- Apply tools to your real-world projects
- Empower your team to drive long-term success and increase your ROI
